First Amended Stipulation Regarding Interrogatories and Deposition of 30(b)(6) Witnesses [Dkt. 94]	November 18, 2021

**B. Discovery to be completed.**

The parties are continuing to conduct discovery. Third party subpoenas have been issued and served by the Subcontractors, and further third-party subpoenas may be necessary. The Parties need to conduct numerous depositions and serve their expert reports upon each other.

**C. Reasons why discovery has not or will not be completed by the current deadline.**

This litigation pertains to a dispute between the parties for construction work performed on Project Neon, the largest public works project in Nevada history, with competing claims and counterclaims seeking millions of dollars in damages. Kiewit and the Subcontractors worked on Project Neon for several years, generating and accumulating hundreds of thousands of documents and electronically stored information ("ESI") during the project, involving numerous personnel and entities.

Kiewit and Subcontractors are working through discovery issues related to ESI disclosures and discovery responses. These discovery issues have impacted the parties' ability to notice depositions of fact witnesses and impacted Subcontractors' experts' ability to form expert opinion regarding the claims, defenses, and damages at issue in this action. Based upon such issues, the Parties are unable to conduct depositions of project personnel and the parties' Rule 30(b)(6) designees or have their expert witnesses complete their reports.

/ / /

The parties are currently contemplating mediation to resolve their differences before this action goes to trial. However, to have a meaningful mediation session, the parties need additional time in discovery.

Given the sheer amount of documents produced to date, the remaining documents that need to be produced by both parties, the expert reports that need to be prepared and disclosed, and the depositions that need to be taken, there is good cause to extend the discovery deadlines as set forth below.

**D. Proposed schedule for completing discovery.**

DEADLINE	CURRENT	PROPOSED
Discovery Cutoff	May 17, 2022	September 14, 2022
Amend Pleadings and Add Parties	February 16, 2022	May 17, 2022
Expert Disclosures	March 18, 2022	June 16, 2022
Rebuttal Expert Disclosures	April 19, 2022	August 15, 2022
Dispositive Motions	June 16, 2022	October 17, 2022
Joint Pretrial Order	July 19, 2022	November 16, 2022

**E. Good cause exists to extend the discovery deadline.**

LR 26-3 requires that any stipulation made to extend discovery be made before 21 days of the discovery deadline and be supported by good cause and satisfy the requirements of LR IA 6-1. The good cause standard under LR 26-3 is the same as the good cause standard under Fed. R. Civ. P. 16(b)(4). *Winfeld v. Wal-mart Stores, Inc.*, 2:14-cv-01034-MMD-CWH, 2016 WL 3360658, at \*1 (D. Nev. Jun. 9, 2016). “Good cause to extend a discovery deadline exists ‘if it cannot reasonably be met despite the diligence of the part[ies] seeking extension.’” *Nunez v. Harper*, 2:13-cv-0392-GMN-NJK, 2014 WL 2808985, at \*2 (D. Nev. June 20, 2014) (*quoting Johnson v. Mammoth Recs., Inc.*, 975 F.2d 604, 609 (9th Cir. 2002)).

/ / /

Good cause exists to extend the discovery deadlines. The parties still have a significant amount of discovery to complete and are contemplating non-binding mediation. Thus, a discovery extension is warranted under these circumstances, and good cause exists to grant this Stipulation.
